

# Let's Talk About Shoes

Not many moons ago we added a Shoe Department to our other business. We were led to do this because of many requests from our good customers who were desirous of purchasing shoes of high standard. We perfected arrangements with one of the best shoe makers in this country—manufacturers who are known from coast to coast for the excellence and style of their products. Success has been phenomenal and the business is growing still amazingly. In keeping with our general policy we mean to clean up stock each season.

### LOOK INTO REPORT OF DEATH

United States District Attorney Howell is Now Investigating.

#### OPERATED SOME FAKE CURES

Dr. X. W. Whitman, Under Bond to Appear Before Federal Grand Jury, is Reported to Have Drowned.

Investigation looking into the veracity of the statement that Dr. Xavier W. Whitman, under bond for his appearance in Omaha this fall on a charge of using the mails to defraud, had committed suicide by drowning in New York City, has been started by United States Attorney Francis S. Howell.

Mr. Howell, upon hearing of the death of Dr. Whitman, immediately got busy with telegrams to the officials of the Department of Justice at New York, asking them to verify the report. Mr. Howell said that his first flush of the matter was that it was a neatly arranged plan and fake whereby Whitman was trying to evade appearance before the federal grand jury this fall.

Whitman and his wife, in company with a "Doctor" Brantley, operated an electro hydrogen institute in Omaha last April, claiming that they had what was known to be a sure cure for tuberculosis in the "Friedman" cure. They advertised extensively in the newspapers, but never used the word "Friedman," but claimed their cure was effected by serum extracted from the turtle.

#### Operated in Omaha.

They opened luxurious offices in the Fidelity building, but had been here but fifteen days when the government officials began an investigation into the methods of their advertising. Whitman and his wife, who acted as his stenographer, and Brantley immediately left town. Later Whitman and his wife were arrested in Colorado Springs and released under heavy bonds. Brantley was arrested in Memphis, where he is still under arrest fighting the case.

A story appeared in a New York newspaper about Whitman's death, and a marked copy of the paper sent to Omaha. The story told of how Miss Hazel Holts, a friend of the dead man, gave out an interview to a New York newspaper man saying, "Dr. Whitman was hounded to his death by members of the American Medical association of Omaha."

"The story looks like a fake to me," said Attorney Howell. "It may be true, but to me it looks like Whitman is trying to get out facing the grand jury. However, I will make an investigation of the matter at once."

"What do you think of the story?" was asked of Hugh Millie, secret service agent in Omaha, as he entered the attorney's office.

"What do I think of it? Why, it looks like a fake yarn which got by the New York papers and was sent here for one purpose, to mislead Mr. Howell and thus drop the charges."

The movement of new wheat toward the Omaha market is now pretty well under way; forty-two cars having been on sale at the Omaha Grain exchange yesterday. All of the wheat offered was Nebraska grown and early graded No. 1 hard. Next week when threshing becomes more general, it is expected that the Omaha wheat receipts will more than double and dealers say they would not be surprised to see 50 or more cars coming to the Omaha elevators daily. All of the wheat bought was for Chicago delivery, presumably going to the Illinois and Wisconsin mills.
